

Answered survey wants broadband

At time of survey was happy with satellite. However will consider switching if costs justify it.

4 additional camps up road. 3 low quality 1 good quality

293'

282'

This owner answered survey wants broadband rest of road has mostly small seasonal camps - should be contacted to see if there is any interest - in which case a spur might be justified

400' from primary service line

460'

Primary Spur should go up this road may require 1 new pole don't have enough info to determine how far
